

**Academy of Aphasia 2011
Montréal, Québec, Canada
October 16-18, 2011**

Information for Presenters

Platform & Symposium Presentations

- The standard time allotment for each platform presentation is 20 minutes for presentation and 10 minutes for discussion. Platform presentations will be introduced by a member of the Program Committee, unless other arrangements are made.
- For symposium sessions, the length of time allotted to individual speakers, and the structure of the session (e.g. whether to allow questions throughout or leave them until the end of the session) are at the discretion of the organizer. The organizer is expected to serve as moderator of the session.
- There will be a computer available (either Mac or PC platform) for you to use at the conference. Presenters are requested to bring their presentations stored on a memory stick, and to upload them to the supplied computer at the beginning of the day of presentation. In exceptional cases (e.g. if there are video- or audio-files embedded in the presentation), presenters may plug in their own computers to the projector.

Poster Presentations

- Poster boards are 4' high x 8' wide (122 cm x 244 cm). We suggest that your posters be no bigger than 3' x 6' (91.5 cm x 183 cm). Velcro stickers will be available for you at the conference site.
- Poster boards are available from 8:00 am October 16th until 2:00 pm October 18th. Your poster should be on display throughout the day on your assigned day, so please be prepared to set up your poster first thing in the morning. Presenters should be present during the entire poster session to discuss their poster.
- Please prepare your poster carefully so that the text and figures are large enough to be easily legible from a distance of several feet.

Conference Programs

- A conference schedule is currently available on the Academy's Montréal 2011 website. Printed copies of the full conference program, with abstracts, will be available at the conference for all attendees. Abstracts will also be published online by *Procedia: Behavioural and Social Science*.

Thank you once again for submitting your abstract to the 49th Annual Meeting of the Academy of Aphasia. We look forward to seeing you in Montréal on October 16, 2011.
